Notes

Tuesday, March 4, 2025, 3:30pm in KMPT 105

1. Approval of minutes from February, 2025, MCHHS College Council meeting.

Proposals

- BMS - 505 - Cultural Competence and Ethics in Biomedical Research

Clarification Note: This proposal was reviewed and approved (with edits) during the February college council meeting, but administrative processes weren't completed in Curriculog at that time. Due to that oversight, this proposal was placed on the March meeting agenda but was not reviewed or approved during that meeting. The edits approved during the February meeting were completed on the proposal this month and this proposal has now moved forward to the Dean Review step, as the correct next step.

- NUR - 321 - Childbearing Family and Pediatrics

TABLED - Does not complete requirements desired for approval

- Social Work (BSW)

Bogdan Kostic - motion to approve

Clay Franklin - second

Discussion -

Motion passed unanimous
