Current online catalog description:

PAS 790 Clinical Preceptorship

Prerequisite: admission to the MS in Physician Assistant Studies and promotion from the didactic year. Consists of a six-week structured clinical experience under the supervision of a qualified preceptor that will introduce the student to the evaluation, diagnosis, treatment, monitoring, patient education, and referral of patients for the various clinical presentations within a specific discipline. The emphasis will be on problems encountered in primary care settings. Specific cognitive, skill, and attitudinal objectives are defined for each core clinical area, including family practice/primary care, general surgery, psychiatry/behavioral medicine, internal medicine, emergency medicine, women's health, and pediatrics. May be repeated. 4-5(0-40) F,S,Su

Reason for proposed change

Currently there are 8 sections of PAS 790 with 5 credit hours assigned to the first 4 sections and 4 credit hours to the last 4 even though all sections are of equal length and educational content. This change will make all 8 sections be listed at 5 credit hours.

Department:

Physician Assistant

Type of Program

Choose One:

- ☒ Major (Non-Comprehensive/Graduate Program) ☐ Minor ☐ Academic Rules
- ☐ Comprehensive Major ☐ Certificate ☐ Other
- ☐ Option ☐ Certification

Title of Program Affected:

Physician Assistant Studies-MS

Current Catalog Description: (Either cut and paste present description from online catalog **OR** provide as an attachment below)

C. Clinical year courses. The clinical year consists of 8 six-week clinical preceptorship experiences (PAS 790) for 4-5 credit hours. Students are required to complete the following required clinical preceptorships:

Degree requirements

All students must complete the required 83 semester hours of the curriculum (42 didactic and 41 clinical) in the prescribed sequence for each admitted class (cohort). Any exceptions to the cohort progression must stem from unavoidable and extreme personal circumstances, and must be approved by the program director.

Total Hours: 87

What is changing? Check all boxes that apply:

- ☐ Title change
- ☐ From option to program (major)
- ☐ Course changes of under 18 hours
- ☐ From program (major) to option
- ☐ Course changes of 18 hours or more

☒ Other

Change of total credit hours for the program from 83 to 87.

Reason for Proposed Change:

A Course Change Proposal for PAS 790 has been submitted which will make all 8 sections of the course uniform in credit hours (5). Completion of the Physician Assistant Program requires enrollment in and successful completion of all 8 sections. Currently the first 4 sections are 5 credit hours while the last 4 are 4 hours even though the sections are identical in length and educational content. This unequal allocation of credit hours for the course sections dates to 2006 and is illogical. This change will result in a increase in the total number of credit hours at program completion from 83 to 87. While 87 credit hours may seem a large number for a Master's Degree program, it is actually below average when compared to the other approximate 200 physician assistant programs in the United States.

What is the date that this new program was approved by departmental or program faculty? (MM/DD/YYYY)
